2010-2018 Georgia (Federal) Disaster Medical Assistance Team (Ga-3 DMAT) Atlanta, Ga.

This is a Federal Disaster Team responding when activated by the

Federal Government. Duties assigned as an EMT-I, but can be assigned to work all positions with team except what is above the Scope of Practice.

Responses included: Hurricane Sandy, Hurricane Hugo, Hurricane Ike, 911 Memorial Remembrance in 2011.

When responding the team is self sustaining for 72 hours in austere conditions. It is a mobile emergency room capable of handling any emergency.

2010-Present Dept of Defense Emergency Medical Technician-Intermediate. Fort Stewart/Hunter Army Airfield, Fort Stewart, Georgia

- Systematically assess the urgent or emergent health needs of military patients and their families, civilian and civilian contractors. Analyzed data, and formulated a plan of care, with Paramedic partner.
- Recognized and treated any illnesses and injuries according to established operating instructions within the scope of licensure and regulations of state of Georgia, Scope of Practice and Protocols.
- Recorded and maintained all patient information in accordance with standard protocols, and the Privacy Act.
- Identified and recorded all signs and symptoms of physical and mental conditions.
- Thoroughly exercised skill in initiative, judgment, problem-solving and decision-making on a daily basis.
- Made independent judgments and prioritizes workload.
- Demonstrated proven success in stressful environments.
- Pursued professional development activities and continuing education to ensure currency with present practices and trends in healthcare and specifically in the practice of emergency medical treatment.
- Protected patients' privacy through confidentiality, infection control procedures, assuring consistent medication administration, and assuring proper storage and maintenance procedures for all equipment and supplies.
- Other duties and projects as assigned.

2007-2010 American Medical Response Ambulance Service, 1380
Stone Mountain, Georgia 30083
Emergency Medical Technician-Intermediate

Worked 911 System in Dekalb County, Georgia

- Systematically assess the urgent or emergent health needs of patients living in Dekalb County Ga. Analyzed data, and formulated a plan of care, with assigned partner and other first responders.
- Recognized and treated illnesses and injuries according to established operating instructions within the scope of licensure and regulations of the state of Georgia, Scope of Practice and Protocols.

- Recorded and maintained patient information in accordance with standard protocols, and the Privacy Act.
- Identified and recorded signs and symptoms of physical and mental conditions.
- Thoroughly exercised skill in initiative, judgment, problem-solving and decision-making on a daily basis.
- Made independent judgments and prioritizes workload.
- Demonstrated proven success in stressful environments.
- Pursued professional development activities and continuing education to ensure currency with present practices and trends in healthcare and specifically in the practice of emergency medical treatment.
- Protected patients' privacy through confidentiality, infection control procedures, assuring consistent medication administration, and assuring proper storage and maintenance procedures for all equipment and supplies.
- Other duties and projects as assigned.

2005-2006 Neurology Specialist of Savannah, 6602 Waters Ave, Bldg C, Savannah, Ga. 31406

Medical Assistant/EMT-I for Dr. E. Frank Lafranchise, neurologist. Prepared patient's records for Phy's review prior to appointment, met with patients upon arrival, discussed current health problems, recorded vital signs, noted any associated symptoms or pertinent negatives. Coordinated scheduling of patient's next appointment. Call prescriptions into the patient's pharmacy, noted any unusual amounts of controlled medications that patient was receiving or attempting to receive. Served on quick response team for emergencies within the office

2003-2005 South Coast Medical Group, Imaging Center, 1356B Eisenhower Drive, Savannah, Ga. 31406

Worked as a Radiologist Technician Assistant in the Imaging Ctr. Prep patient's for examination by getting medical history, current medical problems, and vital signs. Then coordinating with several radiologists as to the type of examination he/she wanted, this information was then relayed to radiology tech. Depending on type of exam, patient may have been required to have IV started for contrast injection. Should this occur required to stand by in case of allergic reaction? Assisted in monitoring supply usage and requisition. Served on emergency response team.

2002-2003 Candler Hospital, Savannah, Ga.

Worked in a Level Two emergency room. Assisted Physician's and Nurses in assessment and care of patient's condition from arrival to discharge. Worked in Acute care, Cardiac emergencies and Trauma response. Monitored patients, updated vital signs and pt's progress throughout stay in the ER. Knowledgeable in the use and set up of EKG machines, hemocue tests, accu-test, urine and pregnancy test, blood and urine draws, flowcharts, and computers.

2001-2003 Medical Infusion Technologies, 115 Echols Street, Savannah, Ga.

Operations Manager for the Durable Medical Equipment Division. Assisted the Department Manager in the daily operations of the division, trained new hire personnel in the use of all medical equipment that our office would be expected to installed/set up in a patient's home. This included Oxygen Concentrators, Apnea Monitors, Feeding Pumps, IV Pumps, Wheelchairs, Walkers, CPAP, BIPAP and VPAP Machines, CPU Machines, Hospital Beds, Bariatric Equipment, Muscle Stimulation Equipment, and Medical Supplies associated with various medical problems. Inventoried and ordered supplies through various suppliers.

2000-2001 University Community Hospital, 3100 Fletcher Ave, Tampa, Fla.

Perioperative Technician Level 1, Surgical Services. Assisted nurses in Pre and Post-op recovery unit, One-Day Surgery Center, Cardiovascular Surgery, and Main operating rooms. Prepared patients prior to surgery. Established and monitored vital signs. Prepared operating rooms for surgeries and harvesting of organs, cleaned and sterilized room after surgery, assisted with patient care and transport to hosp room when required.

1999-2000 Memorial Health University Medical Center, Waters Ave, Savannah, Ga.

Advanced Patient Care Tech/EMT-I. Emergency Room, Level One Trauma Center. Assisted Doctors and Nurses in Acute Care, Cardiac emergencies and Trauma responses. Monitored patients updated vitals signs and followed patient's progress throughout stay in the ER. Knowledgeable in the use of EKG machines, hemocue tests, accu-checks, Urine and pregnancy tests, blood draws and culture specimens, Scotch Casting, Foley Catheter insertion for male, female and pediatric patients. NG tubes, Feeding tubes and gastro tubes, Reinsertions of G and J tubes into stomas.

1996-1999 Self-Employed General Contractor

Electrical, Carpentry, Drywall, Plumbing, Painting and Tile.

1992-1996 Vos Electric, Inc. 118 Coleman Blvd, Savannah, Ga.

Safety Director/EMT-I. Trained new hire and company personnel on OSHA standards for construction. Wrote and conducted safety briefings. Conducted safety audits, Accident investigations. Inspected company work locations (Heavy Industrial Plants) throughout the southeastern U.S.

The following is a list of projects that I was responsible for:

Union Camp, Savannah, Ga. OSHA Abatement Program.
Plant McIntosh (Georgia Power), Rincon, Ga. Combustible Turbine Project.
International Paper, Riceboro, Ga. Electrical Upgrade.
Union Camp, Franklin, Va. Recycling Plant Installation.
Fort Howard, Rincon, Ga. Paper Machine Installation.
Duke Power, Lincolnton, N.C. Combustible Turbine Project.
1989-1992 USAF Project Manager, 1836th EIG, Lindsay AS, Germany.

Responsible for the Installation, Modification and Removal of over 100 million dollars of military communication-electronics equipment throughout Europe, the Middle East and North Africa. Conducted Workload Briefings to Dept Heads and Commander of unit. At times required to brief Commander, USAF Europe. Coordinated the billeting, logistical requirements and civil engineering requirements for teams being deployed. In addition, during spring and summer USAF ANG units deployed to support teams already in Europe, these units required coordination between their home station and the 1836th, same requirements were needed for these units as for units' station in the European theater. Monitored the progress of all projects from inception to completion.

1983-1989 Team Chief, 1962nd CIG, Kadena AB, Okinawa.

Responsible for two antenna teams (14 Technicians). Primary function was to maintain 155 communication systems. Revamp the Preventative maintenance Program to allow crews to install 45 new systems in advance of projected completion dates. Designed several systems that were considered vital to the Western Pacific Rescue and Coordination Center (West PAC RCC) located on Kadena, AB.

1981-1983 Crew Chief, 1835th EIG, Eglin AFB, Fla.

Responsible for a seven-man antenna/cable crew. Maintained Base Communication systems. Installed, modified and removed communication cable throughout the base and its associated weapon ranges in north Fla.

1979-1981 GTE Lenkurt, Tampa, Fla.

Project Monitor. Responsible for the installation of 56 new communication systems for a Southern Railway Project in Georgia, Alabama, Mississippi, and Louisiana.

1977-1979 OJT Instructor, 1965th CIG, Norton AFB, Calif.

On-the-Job Trainer. Responsible for the training of new personnel, who were not sent to a Communication-Electronics Technical school. Training of these personnel took seven months.

1976-1977 Drug Dog Handler, 6171 ABG, Kwang Ju AB, Korea.

Flight Chief for a Drug Dog Team. Responsible for drug interdiction and base security.

1974-1976 Military Dog Handler, 1st Security Police Sqd, MacDill AFB, Fla.

Base Security Police Dog Handler (Law Enforcement).

1973-1974 Military Dog Handler, 51st Security Police Sqd, Osan AB, Korea.

Base Security Police Dog Handler (Law Enforcement).

1971-1973 Military Dog Handler, 1st Security Police Sqd, MacDill AFB, Fla.

Base Security Police Dog Handler (Law Enforcement).
