Documentary Producing

Executive Producer

Rural Revival – Short Documentary

A personal look into the rural, farming community of White Oak Pastures in Bluffton, Georgia as they create a solution to the carbon emission crisis caused by livestock.

Rural Revival has been a selection at multiple film festivals at the national and international level, in addition to being screened as part of numerous colleges' environmental sciences and agriculture studies' curriculum.

Director/Executive Producer

Missing in the Midwest – Feature Documentary

After eight years of silence, family, friends, law enforcement, and Joelle Lockwood herself recall the 59 days she went missing and the news story that shook the country. Currently in pre-production.

Professional Experience

Documentary/Journalism Intern

January 2022–Present

Helps find news, articles, and media content on climate change for **THE YEARS PROJECT'S** nearly 80,000 followers. Contributes to writers' rooms, the itm.earth magazine, does assistant editing work, and is creating a final video project to be shown on the website.

Production Coordinator

November 2021–Present

Manages the scheduling, pre-interview process, and pre-production process for the **VIRGINIA DEPARTMENT OF EDUCATION'S CAREER SUCCESS STARS**. Career Success Stars is about adults currently in various professional industries who went through the Virginia Department of Education's CTE program in high school.

Production Coordinator

September 2021

Organized and managed a shoot for the feature documentary **THE G WORD**. Facilitated the production schedule, equipment rentals, transportation, locations, catering, billing, and communicated with crew members.

Production Intern

April 2021–October 2021

As an intern for the independent film and documentary company **13TH GEN**, created social media campaigns, edited raw interviews, scouted locations, assisted in shooting footage, organized drone shoots and found archival material.

Post-Production and Outreach Associate

April 2021–October 2021

For the feature documentary **THE G WORD**, helped to edit interviews, assist in shooting drone footage, and was part of the development team for GTN Awareness week.

iD Tech Instructor

April 2021–November 2021

Taught a room of highly capable children to create video projects and edits based in Adobe Premiere Pro. Created lectures and class activities to engage students.

Archival Researcher

July 2021

As an archival researcher for the feature documentary **DIAMOND DIPLOMACY**, worked with a team to locate materials related to Japanese baseball, foreign players, and US-Japan history.

Marketing Video Creator

November 2019–December 2019

Wrote, shot, directed, and edited a Christmas video for the marketing team at Bishop Fenwick High School that was then distributed to the entire donor list.
