WORK EXPERIENCE

2015-NOW

Custom Fashion Design Brand

Lead designer of a custom design brand, communicating comprehensive creative designs with clients for the thorough understanding of their output design. Heavy use of Adobe Suite to communicate detailed front end and back end construction of the final designs, including textile selection, sizing, pattern guides, color codes, and more. Educated clients on forecasted trends ideal for their body type and the upmost presentation for their occasion or business matter.

Summer '22

Freelance film costume work

Worked with costume design teams for quick sourcing of looks, execution of custom pieces, quick turnaround alterations, and proper fit for actors, while working with the director's vision for each film.

2016-2017

David's Bridal

Worked to assist stylist and communicate accurate alteration suggestions. Pinned clientele, scheduled appointments, and turned around alterations with proper steaming and cleaning.
